

Felting with friends, family or colleagues

Ideal for birthday parties, learning a new skill with friends, bridal showers, team building as well as holiday programmes for children and teens. Flowers, balls, bowls, bags, wall hangings and story mats. Wet felting.

I provide all the materials, and the 'tricks of the trade', and you bring lunch to share and anything you particularly fancy.

We would start at around 9.30 and go until about 3.00pm, or longer if we haven't finished!

We can work/play at my Laingholm (near Titirangi) 'studio/kitchen' and thereby have easy access to all the different coloured wools and silks and threads, etc. Costs are \$75 each, but I am definitely flexible and happy to negotiate!

Coming to your venue is another option: you will need to have a fair bit of surface area that does not mind a bit of damp and wet (about a small square metre per person) and access to hot and cold water. Warning – you may leave with a new addiction!
